

# Going on a picnic!

Written By: Audrey Roen RDN LDN BT

August, week 1

When the sun is out and the weather is nice, I can go on a picnic with my family!

We will bring food to a park where we eat together.  
We can bring a blanket and sit in the grass, or find a picnic table.  
Which do you want?

First, we will pack up what we need:

1. Plates
2. Napkins
3. Drinks
4. Food
5. Something to play with because the playground might be closed.

Next, I will wipe my hands, sit down, and eat my food.  
I can play when I'm all done eating.

Eating outside is different!

If it's too noisy, I can bring my headphones and cover my ears.

If the grass is too sticky, I can sit on a blanket or bring a chair.

Safety first! Let's practice wearing a mask on our way to the park.  
I can stay close to my family and give other people their space.

I'm excited to eat yummy food with my favorite people.  
I can't wait to pack my picnic!
